RE is giving 3.5 hours to NA and ED each for respective work into the education portfolio. NA has not yet claimed any of these hours. RE spoke to the new budget changes facing postgraduates and the bus trip to Canberra. DSS said that they want council to be told what’s happening with hours and that John should know. MK says that while this is a good thing to be able to share hours when others are doing work for a portfolio we need to ensure we document it all and notes that it does make the job of finance officer a little harder.

**Motion[170515-05]:** That SUPRA council reimburse Rachel Evans $300 for the bus trip to Canberra.
Moved: Nicholas Avery  Seconded: Eila Douglass

Motion[170515-06]: Protest against uni fee increases rally on Wednesday afternoon for SUPRA councillors to drive support, to have people doing flyer drops and to have councillors lecture bash.

4.3.4. **OTHER BUSINESS FROM REPORTS**

KC says there a number of issues with the Business school centralization, saying this is an issue that needs to be taken to management. There is geneerated help available rather than specific help in niche issues within courses and subjects. Currently the school is requesting feedback and there is the opportunity for hearing about those issues.

4.3.5. **UNCOLLECTED HOURS FROM EDUCATION OFFICERS ROLE**

The portfolio of Education officer is 21 hours, the previous officer due to ill health was unable to claim the hours fully. RE would like for an investigation into the number of hours left unclaimed and that these be allocated to the production of the counter course handbook.

AS said that the stipend may have been moved to another line item in our budget. AS is happy to look in to and to see how many hours can be claimed without putting to much of a dent into our final budget. CN asked if the university can take back unspent money from the various areas of our budget. AS said that there can be spending in other areas of the budget and that as long it isn’t a new line item that we should be able to move items of money around. GC said that if there is work needed to be done we should have the council move the items.

**Motion[170515-06]:** That SUPRA council approve the recommendation from the Education office-bearer to find out how many hours have not been claimed within the Education portfolio and to delegate these paid hours back to the Education portfolio to finish work on the counter course handbook and the other campaigns that present themselves in the anti-fees campaign.

7. **Policy Changes**

KC has had help with the policy work from OM and NA, although feedback from council is encouraged. NA says that there many holes in our policy, particularly there is no provision for blocking a previously banned councillor from re-election. Looking at constitution item 9.04, change to add the provision that there will be a ban for being elected for a minimum of 12 months and maximum of 2 years. RK clarified the definition of the election. CN asked if SUPRA staff would be happy with someone coming back after maybe 2 years away. DSS has issue with being able to
remove people from council as a independent, being able to be moved from the council just for not having a majority. MK requested that the constitution be forwarded to staff for feedback. KC presented the suggested amendments to the constitution, the tracking changes are available in the council pack. ED asked about the HRD equity group and the ability for councillors be part of the collective, KC said the specific spot is for research degree students only, they said there are a lot of holes in the coverage of services for HDR students.

**Motion[170515-07]:** That council approve the presented changes to the constitution for presentation at the AGM  
*Moved:* Karen Cochrane  
*Seconded:* Nicholas Avery  
*Carried*

FS replying to CN that we can’t ban people forever and that this is a good way for council to show that we take these issues seriously. That having an HDR equity officer will make a more streamlined approach to engaging HDR student and make it easier when trying to find a contact person on council from the HDR collective.

### 7. CISA Conference

Membership fee is 400 for CISA and gives access to voting and to have role for advocating for international post-graduate students.

**Motion[170515-10]:** Approval of $400 for CISA Membership  
*Moved:* Dhaval Sanath Shukla  
*Seconded:* Ahmed Suhaib  
*Carried*

Last year only one person attended the conference, this year they plan to take four students, the outgoing and incoming and to have two nomination positions for people aiming to run for positions on CISA, prompted by the lack of engagement with CISA over the last few years. The conference is 3-7th July in Canberra at ANU and CIT. Budget is $400 for conference attendance, $900 for accommodation, and $400 for travel costs with a small allowance for buffer. KC reiterated the need
for representation on CISA. KD stated that this will consume almost the entire budget for conferences and accommodation. OM says that the cost are large and maybe SUPRA should be paying for some of the costs and asked if there are other ways to cut the cost down. ED said that there are plenty of opportunities for the reduction of costs, a bus to Canberra is $35 each way. MS asked about the large cost for accommodation, looking at hostels in the area are much cheaper than quoted. CN said that each person asking for conference sponsorship should be present at the meeting and should make guarantees to report back to council. RE said that when they attended the CISA conference they made good progress on campaigns, the CISA conference is a good way to get good intel on international student issues, they said that there should be a method for people to force people to actually report back to council. RE continued to say that there are many other conferences that would have people asking for sponsorship. MS that we have no idea of the students that may end up attending, no way to guarantee their ability to carry SUPRAs mandate at the conference. AS said that the costs are too high and that we just need to find ways to make it cheaper. GC that we could pay half now and half at a later stage.

**Motion[170515-11]** That council approve $3200 for sending 4 international students at the CISA conference (this amount will included accommodation, conference fees and travel allowance

**Moved:** Dhaval Sanath Shukla  
**Seconded:** Kiriti Mortha

The Conference goes for 6 days and includes postgraduate and undergraduate students from across the country. The conference is taking place in Newcastle and is an opportunity for students to plan, strategize and attend workshops on climate change and climate action in the Australian context. 15. **Coop Legal action**

Request for funding to underwrite a legal challenge to the Co-op Bookshop by students.

Details: Following the launch of a student-led campaign, "Take Back Our Co-op", members of SUPRA, the SRC and students from Newcastle, Western Sydney and Melbourne Universities attended the recent AGM of the Co-op seeking clarity about the financial position of the Co-op, the activities of the board members and the exclusion of students and rank-and-file members from the decision-making processes of the Co-op. Students are concerned about the high cost of textbooks, large non-member discounts to corporates, and a general lack of transparency which has led to a consolidation of power within the Co-op, to the detriment of members. At the AGM, students were advised that their proxies were invalid without explanation or supporting documentation, at the same time as numerous proxies allocated to the board members were unexplained but accepted as valid. Students were unable to get clear answers from the directors in relation to the volume of non-member discounts, risky investment decisions such as the purchase of ailing 'Australian Geographic' franchise stores, and directors' remuneration.

Four students, including Tash Heenan have since submitted a Notice of Grievances to the Co-op in regard to their failure to observe due process at the AGM. They have responded with a particularly nasty letter from their lawyers, which was also sent to the University of Sydney, essentially attempting to scare students out of taking legal action, with threats to bankrupt them. The students involved now need to come up with roughly $17,000 - $22,000 to cover their potential legal costs, as estimated by a lawyer who is working pro-bono for them. The Take Back Our Co-op organising committee is asking student unions across Australia to contribute $3000 each to underwrite this legal challenge, and support students in their attempt to reform the Co-op. The organisers will also seek aid from larger unions if necessary.

RE suggests a more offensive attitude, to use media and promotion to fight back and to get up a hardcopy petition with other promotional material. TH there is the ability for taking back of the board in the next year and making a substation reduction in the

18. Anti-West Connex Forum request

Anti-westconnex crew have asked for support from SUPRA, with the new plan for Newtown and King street. They need for SUPRA to help with the cost of security for a booked room on campus. Currently a $184 fee for security. There is the need to host the town hall forum at Sydney Uni due to the proximity of the effect of construction. KC asked how does this affect post-graduates. RE stated the health effects on students, the accessibility of the university to students and the changes that could be imposed on the campus.
