a) President:
CAPA Conference: Good discussion on impact of VSU changes. CAPA in danger of becoming insolvent because many affiliates cannot afford the fees.

Motion: THAT SUPRA notes the actions of the Melbourne University Student Housing Action Collective (hereafter known as SHAC) in occupying and taking up residence in the vacant Melbourne University-owned building at 272-278 Faraday Street Melbourne. SUPRA recognises that the lack of appropriate, affordable student housing is an issue of pressing concern for student organisation and endorses the work of student groups to take productive action in addressing this issue. SUPRA acknowledges the hard work of the SHAC’s campaign at the University of Melbourne to provide affordable accessible student housing. Moved Rosemary Whitecross. Passed.
Assessment Working Party Ethical Principles regarding Special Consideration. Councillors were asked to take this away and read it – if any problems are seen, to contact the President.

Academic Board sub-committees on which SUPRA is not represented – the Chairs of these committees have suggested we take this up with Bruce Sutton, Chair of the Academic Board. We will be co-signing a letter with the SRC. We will also consider sending this to the Dean of Graduate Studies as well.

Vice Chancellor’s Work Slates – Councillors were asked to log in (with student log-ins) and have a look and make a comment or let the President know if we need to make a SUPRA comment.

In 2006, SUPRA passed a motion recommending that the University should buy 1000% clean energy. This has not yet happened, but a new Emissions Working Party has been set up. SUPRA is considering recommending to the university that it buys 100% clean energy from 2009, and also do research to find out which provider is more effective. SUPRA also recommends that the university invests in infrastructure to provide clean energy itself. Paolo Mazzi will provide information to the President on these matters.

Funding agreement – will get the confirmation letter this week.

Planning Day 2009 – the President to circulate possible dates.

Intellectual Property rule – we have not yet had an opportunity to discuss with our members. We will circulate discussion issues before the beginning of next semester to get student feedback on it.

Orthodontic students’ pay issues – SUPRA will work with whichever union covers the agreement.
